

Kansas, Region VII, Child and Family Services Review Round 3
Program Improvement Plan
Submitted 4/18/2017

Goal 1: Ensure safety for children by improving risk and safety assessment and monitoring throughout the life of the case.	
Addresses: Safety Outcome 2	
1.1 Strengthen safety by modifying the process by which non abuse neglect (NAN) reports are accepted and acted upon.	Projected Completion dates:
1. Mandatory in-person contact for the child in all assigned non-abuse neglect cases will be added in Kansas' policy and procedures manual.	Q1
2. Implement the tracking method in the Family and Child Tracking System (FACTS) to capture date/time of the in-person contact for the child in non-abuse neglect assignments.	Q1
3. Safety assessments will be required on all assigned non-abuse neglect reports and will be added in Kansas' policy and procedures manual. These assessments will assist staff in identifying appropriate safety services, such as: mental health assessments/treatment, substance abuse assessments/treatment, parent management training, child care services, homemaking services, etc.	Q1
4. Kansas is actively working on modifying its technology systems to allow for the following non-abuse neglect process changes: a. Technology system modification will be completed to allow for case assignments with a 7-day response time. b. 7-day response time will be added to Kansas' policy and procedural manual and will be implemented statewide. c. Technology system modification will be completed to allow for new Kansas Protection Reporting Center (KPRC) assignment types and definitions. d. New KPRC assignment types and definitions will be added to Kansas' policy and procedural manual and implemented statewide.	Q5
1.2 Standardize assessments to provide a consistent point of reference across all levels of service when assessing risk and safety at critical points.	
1. Kansas will continue exploring risk and safety assessments through support from Casey Family Programs.	Q1
2. Identify an evidence informed risk and safety instrument.	Q3
3. Obtain new assessment tool for implementation (see 1.2.5 and 1.2.6). While waiting implementation, all programs will continue use of their current risk and safety assessments.	Q3
4. Initiate training on new assessment tool.	Q4
5. Phase 1: Implement the new assessment tool for DCF Child Protection (investigation) Specialists.	Q5
6. Phase 2: Implement the new standardized assessment tool with DCF contractors for all other programs (Family Preservation, Family Services and Out of Home).	Q6

1.3 Reduce caseloads, implement tools and monitoring processes to improve risk and safety assessments and worker child visitation.	
1. Adjust salaries for market competitiveness to effectively attract and retain qualified staff.	Q1
2. Assess and adjust current caseload sizes for Out-of-Home and Family Preservation Services across the state. Develop and implement a caseload reduction plan in targeted areas.	Q3
3. Submit request for proposal to contract with a recruiting agency to attract qualified licensed staff for DCF.	Q2
4. Develop and implement a comprehensive standardized form and/or standardized elements addressing child safety for child placement agencies to utilize during monthly visits. In addition to safety factors, the form will capture: environmental factors, critical incidents, medications, outside interactions that occurred with child, mental and physical health information (appointment date, provider information, if follow-up is needed), and educational progress (academically, behaviorally and any concerns).	Q1
5. Develop and implement a worker/child visitation tool to prompt discussion and documentation of risk and safety assessments at critical times in the case. (across all programs)	Q1
6. Revise and implement electronic worker/child visitation forms with an emphasis on quality documentation of visits. (Out-of-Home)	Q2
7. Implement forms/logs through a mobile device to streamline the documentation process. (Out-of-Home and Family Preservation)	Q4
8. Create and implement a tracking method to capture worker/child visits in Family Preservation Services.	Q1
Goal 2: Ensure needs of children and families are addressed by improving needs assessment, case planning and service provision throughout the life of the case.	
Addresses: Well-being Outcome 1; Service Array and Resource Development	
2.1 Adopt new Kansas Child Welfare Practice Model that reflects the values underlying our work with children and families.	
1. Develop a communication plan across the child welfare system.	Q1
2. Develop a detailed implementation plan to integrate the child welfare practice model statewide.	Q1
3. Implement and infuse practice model into agency by: <ul style="list-style-type: none"> • Visual Support (ie: flyers, talking points, PowerPoints) • Training • Legislative and media messaging • Community presentations 	Q3

2.5 Improve accessibility of mental and behavioral health services for high acuity children in foster care to increase stability and timely permanency.	
1. Convene a Continuous Performance Improvement (CPI) workgroup with numerous stakeholders representing various aspects of the child welfare system, including, but not limited to: DCF, Kansas Department of Health and Environment, Kansas Department for Aging and Disability Services, Kansas Department of Corrections, Managed Care Organizations, KVC, Saint Francis Community Services, tribal partners, mental health representatives, education representatives and other pertinent stakeholders.	Q1
2. CPI workgroup will conduct root cause analysis of lack of mental/behavioral health services, service accessibility and availability across state, such as: shortened psychiatric residential treatment facility stays, lack of agency resources, lack of specialized foster homes, mental health waiting lists, siloed information systems, etc.	Q1
3. CPI workgroup will utilize root-cause analysis to develop the causal pathway leading to theory of change, and group root causes with similar pathways.	Q1
4. CPI workgroup will divide into subgroup solution teams in order to make solution development more manageable and timely. All solutions developed from the subgroups will be presented and approved by the entire CPI workgroup prior to communication and implementation.	Q1
5. CPI subgroups will build on previous CPI steps to develop/adapt solutions and present to the main workgroup.	Q3
6. Upon approval of solutions, the CPI workgroup will develop a communication, implementation and measurement/monitoring plan.	Q4
7. Implement approved solutions.	Q5
8. CPI workgroup members will monitor implemented solutions to determine success of solutions. If solutions are found to be unsuccessful, the group will review them and determine new solutions using the CPI process. Monitoring solutions will continue into the Annual Progress and Service Reports (APSR).	Q8/ APSR
Goal 3: Improve pathways to permanency by expediting reunification, increasing stability, and timely TPR.	
Addresses: Permanency Outcome 1; Foster and Adoptive Parent Licensing, Recruitment, and Retention	
3.1 Increase the number of foster and adoptive homes.	
1. Publish the Diligent Recruitment Plan on the Kansas Department for Children and Families (DCF) website to be readily shared with stakeholders.	Q1
2. Meet with contractors and Child Placing Agencies (CPA's) to communicate the Diligent Recruitment Plan and outline expectations for conformity.	Q1

2. Kansas ICPC will create an electronic system to notify receiving states when home studies are due to improve timeliness for Kansas children.	APSR
3. Provide investigative staff with online search tools to locate and gather contact information for relatives. This will assist contractors with relative resources to facilitate appropriate and expedient relative placement.	APSR
4. Strengthen policy to clarify who is defined as a relative for placement purposes.	APSR
3.3 Promote reunification and placement stability through use of Kansas Parent Management Training - Oregon Model, an evidence-based intervention with Family Preservation and Foster Care.	
1. Transition governing authority for Kansas Parent Management Training – Oregon Model to DCF.	Q1
2. Identify population to serve based on need, program infrastructure, funding and sustainability factors.	Q1
3. Implement Kansas Parent Management Training – Oregon Model, an individualized intervention, to help parents and caregivers manage the behavior of the children for which they are responsible.	Q2
4. Establish a tracking and outcome evaluation system.	Q2
3.4 Ensure notifications of hearings are received, filing of termination of parental rights is timely, and compelling reasons are documented.	
1. Office of Judicial Administration (OJA) and DCF will collaborate to develop a plan to track the filing of termination of parental rights (TPR) and/or the request for filing.	Q1
2. Quarterly data reports tracking the filing of TPR will be implemented to monitor compliance with the Adoption and Safe Families Act (ASFA).	Q3
3. Ongoing compliance monitoring and collaboration with OJA will occur to address identified issues as needed.	Q8
4. DCF will submit proposed legislation to clarify “Extended out of home placement” (ASFA language) to enhance usage and application by attorneys statewide related to termination of parental rights.	Q5
5. DCF and OJA will submit a request for Kansas Judicial Council to review the issue of statutory language in the Child in Need of Care (CINC) Code related to TPR.	Q3
6. Require the use by DCF/contractors of the PPS 3056 Permanency Plan Desk Review when a child has been in out of home placement 15 of the 22 preceding months. The review verifies that the plan in place at the close of the permanency hearing remains in the child’s best interest and documents compelling reasons if adoption or reintegration is not in the child’s best interest. This information shall be provided to the County/District Attorney, and date of communication will be documented on the PPS 3056.	Q3
7. OJA, with support from DCF, will develop and circulate a survey to go to the Kansas Foster and Adoptive Parents Association (KFAPA) and birth parents/relative via Kansas Family Advisory Network (KFAN). The survey will ask questions about court engagement, including but not limited to: notice, submission of information/reports, participation, and input at court hearings.	Q3
